Bundle-shaped pigtail models

Overview

Fiber Optic Bundle Pigtails are available in both Singlemode or Multimode types (OM1, OM2, OM3) and also come with different optical connector types such as FC, LC or ST. OCC's fiber optic pigtail assemblies are designed for reliability and performance. The bundle tail is a special type of fiber cable, usually formed by multiple fibers bundled together. Join the GrabCAD Community today to gain access and download!OTRANS High Quality 0. For ease of identification, these pigtails will come in 12 different colours and are used to be optically spliced with the optical fibers from the optical cable to enable network connection.
