# **Australian Tower telecommunications base station burned down**

## Overview

---

A Telstra cell tower in Mullumbimby, Australia has been damaged in a fire in what appears to be a deliberate incident. Emergency services were called to the tower's location at about 3am on Friday following reports that the top of the tower was on fire. Find information on network outages - a register of current outages and restored outages, estimated fix times and other ways to stay connected when your Telstra services are offline. Need outage information for your Business?

Downdetector Explorer helps companies rapidly resolve issues, reduce service downtime, and improve mean time to resolution. Telstra Tower (also known as Black Mountain Tower and formerly Telecom Tower) is a telecommunications tower and lookout that is situated above the summit of Black Mountain in Australia's capital city of Canberra. Some residents of Dalby, on Queensland's Western Downs, have been cut off from calls, texts, internet, EFTPOS and ATM services for seven days.
