

**Adam Tas Corridor Energy**

# **Bahrain Integrated Power Plant**

## Overview

---

According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is currently active. Al Dur II IWPP Combined Cycle (1,500 MW): Comprehensive engineering for Bahrain's largest power plant The Al Dur II IWPP Combined Cycle is a major energy project located in the Southern Governorate of the Kingdom of Bahrain, awarded by the Electricity and Water Authority (EWA) to ACWA POWER. MANAMA, Bahrain - February 19, 2025 - Mitsubishi Power, a power solutions brand of Mitsubishi Heavy Industries, Ltd. (MHI), today announced the successful completion of the Power Station 5 Block 4 gas turbine combined cycle (GTCC) power plant at Aluminium Bahrain B. The Al Dur Independent Water and Power Plant was established to help meet the growing demand in Bahrain for clean, reliable and competitively-priced power and water. Global Energy Observatory/Google/KTH Royal Institute of Technology in Stockholm/Enipedia/World Resources Institute/database.

## Bahrain Integrated Power Plant

---

### Al Dur II IWPP Combined Cycle (1,500 MW):

Awarded by EWA (Electricity and Water Authority) to ACWA POWER, the Al Dur II IWPP project consists of a Combined Cycle Power Plant and a Desalination Plant

### Firms prequalify for Bahrain's Sitra IWPP Project

Bahrain's Electricity and Water Authority (EWA) has announced the prequalification of nine developers from various countries, including Saudi Arabia,

### Bahrain begins work on first large-scale solar power plant

Bahrain's Electricity and Water Authority started development of its first utility-scale solar power project, to generate up to 150 MW of electricity.

### Bahrain Advances Climate Goals With 72-Megawatt Solar Power Plant

Bahrain takes a significant step towards

combating climate change with the launch of a 72-Megawatt solar power plant project. The initiative, aligned with the country's commitment to

### **Mitsubishi Power Advances Bahrain's Industrial Growth**

The high-efficiency power plant was developed by a Mitsubishi Power consortium with SEPCOIII to expand Alba's captive power generation capacity in

### **Operations commence at \$1.1bn water and power plant**

Saudi Arabia's ACWA Power has announced the start of phase 2 operations at \$1.1-billion independent water and power plant located at Al Dur in

### **Al Dur Independent Water and Power Project Phase II**

The phase two of the Al Dur independent water and power project (IWPP) under construction in Bahrain will have 1.5GW of gas-fired, combined-cycle power generation capacity, and

## Mitsubishi Power Advances Bahrain's Combined Cycle

Mitsubishi Power, a power solutions brand of Mitsubishi Heavy Industries, Ltd. (MHI), announced the successful completion of the Power Station

## Acwa , ACWA Power completes acquisition of major power and water

Acwa has completed a major acquisition of power generation and water desalination assets in Bahrain. The transfer of the Kuwait assets is progressing and remain subject to the completion of customary

## Bahrain inaugurates the 1.5 GW Al Dur-2 Independent Water and

The Government of Bahrain has inaugurated the Al Dur Phase 2 Independent Water and Power Project (IWPP), located in the south of Bahrain's main island. The IWPP has a power generation capacity of

## List of power stations in Bahrain

List of power stations in Bahrain Sitrah Muharraq  
Location of power stations in Bahrain Oil, Gas

### Al Dur IWPP

The Al Dur Independent Water and Power Plant was established to help meet the growing demand in Bahrain for clean, reliable and

### Bahrain to build 150MW solar power plant, cutting

EWA launches tender for Bahrain's first 150MW solar plant near Bilaj Al Jazayer, aiming to boost clean energy capacity. Bahrain to build 150MW solar

### Power plant profile: Al Dur IWPP, Bahrain

Al Dur IWPP is a 1,224.1MW gas fired power project. It is located in Southern, Bahrain.

## **Bid Deadline Extended for 44MW Solar Power Plant in Bahrain**

A solar power facility is being developed to generate approximately 75 GWh of clean energy annually. This project aligns with broader environmental objectives, including significant reductions in

## **Bahrain Unveils \$1 Billion Al-Dur 2 Water and Power Plant**

The new plant is an extension of Al Dur Phase 1 and features a power generation capacity of 1,500MW and a desalination capacity of 50 million imperial

## **Bahrain: Plan to secure \$200m loan for power plant**

Bahrain - The Shura Council has unanimously approved urgent legislation authorising the government to secure a \$200 million loan from the

## **72-MW solar power project to support Bahrain's efforts**

Manama, Aug. 15 (BNA): Yasser bin Ibrahim Humaidain, Minister of Electricity and Water Affairs, has affirmed that the signing of the agreements to implement the

### **Al Dur II IWPP Combined Cycle (1,500 MW):**

Al Dur II IWPP Combined Cycle (1,500 MW): Comprehensive engineering for Bahrain's largest power plant Bahrain The Al Dur II IWPP Combined Cycle is a

### **Power plant profile: Al Dur IWPP, Bahrain**

Al Dur IWPP is a 1,224.1MW gas fired power project. It is located in Southern, Bahrain. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is

### **Power Plants in Bahrain (Map) , database.earth**

Data and information about power plants in Bahrain plotted on an interactive map.

## Bahrain inaugurates the 1.5 GW Al Dur-2 Independent Water and Power

The Government of Bahrain has inaugurated the Al Dur Phase 2 Independent Water and Power Project (IWPP), located in the south of Bahrain's main island. The IWPP has a power generation capacity of

## Our Portfolio , Bapco Energies

Bapco Energies operates a portfolio spanning the entire energy value chain in the Kingdom of Bahrain. The portfolio includes wholly-owned subsidiaries and

## Power plant profile: Al Dur II IWPP, Bahrain

Al Dur II IWPP is a 1,500MW gas fired power project. It is located in Southern, Bahrain. According to GlobalData, who tracks and profiles over 170,000 power plants worldwide, the project is

## Bahrain launches international tender for 1400MW power plant

Bahrain's Electricity and Water Authority (EWA) has announced the launch of an international tender for the development of the Sitra Independent Water and Power Production Plant

## Bapco

03 November 2024 Manama, Bahrain - 3 November 2024 - Bapco Energies, the integrated energy company leading the energy transition in the Kingdom of

## SolaX Power: Leading Solar Energy Solutions Company

SolaX Power delivers energy solutions for homeowners, businesses, and utilities. Discover our types of solar batteries, solar inverters and smart energy
