Cable tray claw pad manufacturer

Overview

C-Claw™ offers a quick, heavy duty, reliable and durable fastening solution for all offshore structural maintenance & modification operations: cable trays, pipe supports, skids, handrails, stairs, ladders and more. It allows to guarantee the integrity of primary structure and fasten outfitting and. The solution is optimized for extreme marine conditions, especially FPSO environments, where hot. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project type both offshore and onshore. ABB designs and manufactures cable tray systems, including perforated tray, cable ladder, channel tray and strut (metal framing), directly from production facilities in Canada and Saudi Arabia. C-Claw S300 was ideal for the job, and 50 m of cable tray were installed within 1 day! They were all fixed without damaging the wall of the warehouse.
