

# **Cost of Layered Cable Tray Laying**

## Overview

---

TL;DR: Basic wireway systems cost \$8-15 per linear foot, while heavy-duty cable tray installations range from \$12-25 per foot including materials and basic installation. Cable tray installation cost per meter varies by specifications; GangLong Fiberglass offers kits for raised floor system and facility needs. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. Let's look at cable trays the way buyers eventually do: through total spend, not unit price. Although metal pipes (conduit) may appear cheap initially, they tend to be the most costly option when the job is finally complete, since they consume a lot of time to install. Cable tray pricing depends on materials, coatings, size, supplier margins, and order quantity —plus hidden costs like shipping and installation.
