Ethiopia power strips and PDU power distribution units for surface mount, rack mount and general purpose applications. According to the requirements of the power company, our team designed a supply plan for their distri. Empowering Ethiopia's Growing Power Infrastructure with Smart, Reliable & Certified Electrical Distribution Solutions from Guangzhou Keming Electrical Equipment Co. Ethiopian Electric Power currently manages 20 power plants, 14 of which are hydroelectric. The Access to Distributed Electricity and Lighting in Ethiopia (ADELE) has been designed in support of the Ethiopia's National Electrification Program (NEP) and the country's target to achieve universal access to electricity. The enclosure is made of bent steel plates, featuring a compact structure, easy maintenance, and flexible circuit scheme combinations.
