Fiber Optic Cable Construction Warning Sign

Overview

The Caution Overhead Fibre Label is a high-visibility warning sign designed to clearly indicate the presence of overhead fibre optic cables. It enhances safety and helps prevent accidental damage during construction, maintenance, or other work near aerial fibre routes. □Premium Aluminum for Lasting Durability□Built from robust, industrial-grade aluminum alloy, this 12×8 inch metal sign withstands impacts, bending, and all weather conditions. Rounded corners allow safe handling, and a clear protective coating ensures the message stays vivid over time. Clearly identify vulnerable underground assets with durable ground-level markers. Bulk prices shown EXCLUDE VAT and any chosen options and are for base product only. Fiber optic cables are network cables that hold strands of glass fibers and are intended for telecommunications and long-distance networking. What customization options are available for fiber optic signs?

Options include custom text, color schemes, multilingual support, and incorporating branding or logos.
