# **Fixing wire clips at the bottom of the distribution box**

## Overview

---

For plastic boxes, press down on the Box Doctor® clip aligning the center slot over the damaged hole. Disordered wires and improper fixing in plastic distribution box junction boxes are common causes of poor contact and short circuits. Switchgear cable clamps are used to secure single high and low voltage cables and also to fasten cables made of polyethylene Insulated cables ensure the stability of the cable on a flat surface or on a triangular iron.
