Height Restriction Sign for Optical Fiber Cables

Overview

This danger sign warns of overhead electrical cables and highlights a height limit to prevent accidental contact. Often referred to as Correx ®, it is a lightweight, weatherproof corrugated plastic sheet commonly used for temporary signage outdoors (construction, real estate boards). Our reflective signs with high-visibility are specifically designed to be used with our GS6 Goalpost systems, which provide a clear warning to drivers and plant operators about the height restrictions. The sign has a box at the bottom, which can be used to write any specified height restriction and.

Height Restriction Sign for Optical Fiber Cables
