# **Home electrical distribution box with 14 slots**

## Overview

---

14-Way IP65 Power Distribution Box: A durable, dust- and water-resistant enclosure (IP65) with a transparent cover, DIN rail support, and knockout cable entries—designed for neatly distributing and protecting up to 14 breakers in solar systems, industrial setups, or home. To choose a home distribution box, you must count your circuits and add 30% spare space. Flush-mounted solutions with white metal frame and door, designed for professional electrical panel installations. We'll chat about what each one does, where it shines, and then dive into how to choose the perfect box for your needs.
