How much does a meter of cable tray for a low-voltage electrical box cost

Overview

The average cable tray price per meter ranges from \$2 to \$25, depending on material, type, size, and surface finish. Cable trays are vital in electrical installations, providing secure pathways for power, communication, and control cables across residential, commercial, and industrial settings. Manhours below include hauling from storage, layouting and installation of conduit at a height of 3 meters. Joe quickly realized the difference between spending 15 EUR/meter on rigid conduit versus 9 EUR/meter on cable trays would mean thousands of euros saved on the project – but only if installation complexity didn't add hidden costs.
