Main fiber optic cable line maintenance costs

Overview

Typical rates range from \$75 to \$180 per hour per technician, with on-site time often dominating the total. Hidden costs include traffic control, trench restoration, and post-repair verification testing. The cost to fix a fiber line often hinges on the fault type, distance, and response time, with price ranges reflecting differing crews and materials. Fiber-optic cable materials typically cost \$1 to \$6 per linear foot, depending on fiber count and cable type. Commercial building installations with 100-200 network drops generally range from \$15,000 to \$30,000.
