Multiplier meter distribution box

Overview

This multi-meter distribution box is designed for housing multiple electricity meters. It features a robust metal enclosure with individual meter compartments, viewing windows, a secure locking mechanism and is suitable for indoor or outdoor installation. 240V three phase main service modules can couple to both the 5 and 7 jaw 240V meter stack modules. Myers Power Products offers a wide range of UL listed standard and engineered-to-order Commercial Multi-Meter Switchboards. Standard designs can accommodate three or six meters per section and all switchboards are offered with copper or aluminum supply buses in 400 A — 4000 A capacities, maximum. They also exclude costs for the following: maintenance, fuel, oil, wear and tear, transport, cleaning, accessories and various attachments.
