Network cabling cabinet installation price

Overview

Professional network cabling in 2026 typically costs \$150-\$250 per commercial Cat6 drop, \$200-\$350+ per harder Cat6A commercial drop, and \$200-\$400 for isolated finished-wall additions where minimum service-call labor dominates. Network installation costs vary significantly, ranging from \$2,500 to \$6,000 or more, as there's no one-size-fits-all network cable installation pricing model. In May 2026 the estimated national average cost to Install Computer Network Wiring starts at \$291 - \$349 per wiring run. The cost to install network cabling depends on the size of your space, the cable type you need, how many drops you're installing, the condition of your existing infrastructure, and whether the work involves new construction or an.

Network cabling cabinet installation price
