Additional production lines in North Macedonia

To this end, Sachsenkabel announces the expansion of production capacities at the manufacturing site in Kocani, Republic of North Macedonia. By relocating additional production lines from Gornsdorf,

Breaking bandwidth limits in high-speed directly modulated laser

High-speed directly modulated laser (DML) serves as pivotal components in modern fiber-

optic transmission systems. Given their cost-effectiveness, energy-efficient operation, simplified

Introduction to DML and EML Modulation for Optical

Optical Module Background and Basic Principle In the introduction of product parameters of optical modules, we often mention the modulation mode as

Solutions

The concept of Fiber-To-The-Home (FTTH) and its implementation through the Passive-Optical-Network (PON) technology are the latest generation of optical communication systems that provide

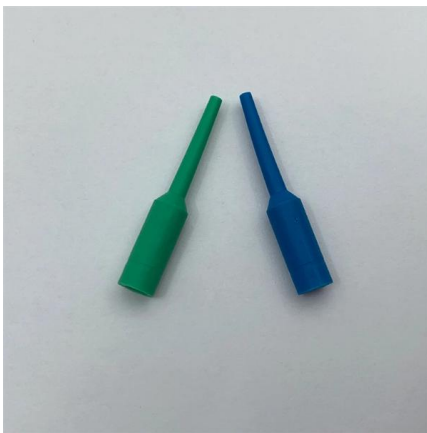

Interspace Knowledgebase

Local Network Interspace operates its own fiber-optic network in Macedonia, spanning over 1,500 kilometers. The network extends to nearly all cities and border crossings. We have our

North Macedonia has the fastest internet in the region

Skopje, 7 August 2024 (MIA) - North Macedonia has the fastest internet in the region and is one of the higher-ranked countries in Europe, according to research by Cable .uk, published by the statistical

The largest fiber optics network in Macedonia

We recently celebrated 100,000 customers of fiber optics who, on that occasion, can activate higher optical speeds at no additional cost. Spreading the fiber optics network In order to

Internet Exchange Map

TeleGeography's free interactive Internet Exchange Map depicts over 300 active Internet exchanges and more than 500 buildings in which those exchanges reside.

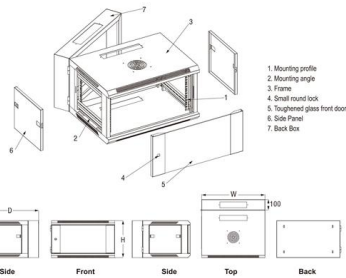

North Macedonia by train

North Macedonia rail network The principal line, and the route most visitors will travel, is the north/south rail link between Belgrade (Beograd in Serbian) and

Republic of Macedonia Fibre Optic Cable Market (2025-2031)

Republic Of Macedonia Fibre Optic Cable Market
In 2024, the Republic of North Macedonia continued to heavily rely on fiber optic cable imports, with top exporters being China, Germany, Poland,

A1 Telekom, North Macedonia

The company works in seven countries - apart from mentioned North Macedonia and Austria, there are also Bulgaria, Croatia, Belarus, Slovenia and Serbia.

Broadband Mapping in Macedonia

The data for internet access (contracts by settlement) can be entered manually through the provided form (for smaller operators), or with import of files in predefined structure (for bigger operators).

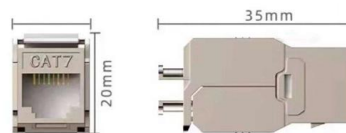

DML VS. EML

Learn about the differences between EML and DML laser designs for 25G/100G applications. Discover the principles, performance analysis, and best practices!

Makedonski Telekom installs N. Macedonia's first

July 26 (SeeNews) - North Macedonia's Makedonski Telekom [MSE:TEL] said it has installed the first submarine fibre optic cable in the country. Th 1 km submarine
