Overview

A vegetable box scheme is an operation that delivers fresh fruit and vegetables, often locally grown and, either directly to the customer or to a local collection point. Typically the produce is sold as an ongoing weekly subscription and the offering may vary week to week depending on what is in season. There are national box schemes that deliver to you, including Riverford Organic Farmers, Abel & Cole, Helen Browning's Organic, Organic Delivery Company, Isle of Wight Tomatoes and Hugh Grierson Organic. For over 50 years, Koppert has been pushing agricultural innovation, and these efforts have impact.
