

**Adam Tas Corridor Energy**

# **Price per unit of double-layer cable tray**

## Overview

---

Steel trays typically cost between \$10-\$30 per meter, while aluminum trays range from \$20-\$50 per meter. Why do cable tray prices fluctuate?

Raw material costs, demand, competition, and supply chain factors all impact pricing. Modern cable trays are engineered to provide reliable support and protection for electrical, data, and telecommunication cables while ensuring proper ventilation and accessibility for maintenance. Prices are significantly lower, reflecting bulk purchasing and direct manufacturing.
