Quick Fixing of Horizontal Cable Trays

Overview

Quick connect systems are designed to reduce installation time and simplify cable tray assembly. Connecting cable trays correctly is essential for system safety, load stability, and long-term performance. Regarding cable management, the fixing and mounting you choose for your cable trays can make or break your setup. The Vantrunk Heavy Duty flat horizontal adjustable coupler allows horizontal adjustment between adjacent lengths of cable tray and is available in the full range of side wall heights to match that of the Heavy Duty cable tray. With our many years of experience, we are one of the leading manufacturers in this field. Incorporates slot and tab design in 30 mm to 105 mm depths directly onto the wall.
