Surface-mounted outdoor lighting distribution box

Overview

Choosing the right surface mount electrical box is essential for safe, code-compliant outdoor and indoor lighting installations. It is robust and waterproof to effectively protect your electrical components from moisture, rain and other weather influences. Various versions of distribution boxes, a large selection of materials, voltage ranges, rated currents and IP protection types / protection classes for indoor and outdoor use, as well as a wide range of accessories and tools such as WAGO plug-in terminals, crimping tools, cable ties, wire end. Ideal for indoor control cabinets or small outdoor distribution points, it reduces fire risks from circuit faults. With IP65 protection (dust-tight, low-pressure water-resistant), it suits outdoor scenarios like garden power distribution, outdoor lighting control, and garden equipment power supply.
