

Adam Tas Corridor Energy

Swiss RoHS Network Cabinet IP54

Powered by Adam Tas Corridor Energy

Overview

With an IP54 protection rating, it offers effective protection against dust and splashes, making it ideal for indoor use. The enclosure is made of high-quality steel sheet and features a powder-coated surface that not only ensures durability but also provides an appealing appearance. What does IP20 and IP54 mean?

IP20 and IP54 are protection classes which indicate suitability for various environmental conditions as well as the level of protection for people against any dangers during use. The cabinet is available with cooling units and top plates or side panels with precut ventilation. The SR24UBFFD SmartRack 24U Standard-Depth Rack Enclosure Cabinet is ideal for storing sensitive 19-inch rack equipment in factories, power stations, water treatment plants, construction areas, shipping facilities, warehouses, transport hubs and other working environments high in moisture, dust and. With 17 years of manufacturing excellence, we provide reliable, secure, and scalable enclosures that protect your critical equipment.
