

**Adam Tas Corridor Energy**

# **UK Integrated Container Rack Outdoor Type**

## Overview

---

The IBC rack sits over an integral 1350 litre watertight sump to contain any leakage or spillage from an IBC. the IBC rack is formed from corrugated galvanized sheet steel and has a sliding curtain to make it weather tight (Similar to trailer side curtains). Build your own today! Our unique racking is purpose built to fit inside ISO shipping containers, using the existing lashing points to secure 'uprights' which are used to support 'brackets' of different lengths. Premier Shipping Containers has developed a range of racking and shelving systems for use in shipping containers as well as a wide range of facilities including warehouses, offices, cold rooms, commercial kitchens and of course even refrigerated shipping containers.
