Handheld Optical Multimeter JW3209C Optical Power Meter

IntroductionJW3209 Handheld Optical Multimeter integrates the functions of an intelligent optical power meter module and of a highly stable light source module in one unit.

JW3209 Handheld Optical Multimeter

Intelligent optical power meter module and highly stable light source module in one unit
Users could write their own software by the communication protocol provided Automatic wavelength of light

TWILIGHT 3209 Handheld Optical Multimeter

Intelligent optical power meter module and highly stable light source module in one unit

Users could write their own software by the communication protocol provided

JW3209 Handheld Optical Multimeter Fiber OPM With LS Source

Frequency ID Range (Hz) <10K Optical Light Source Module Wavelengths (nm) 1310/1550 (other wavelengths can be optional) Typical Output Power (dBm) -5 Output Stability (dB, 30min, 20?) ≤0.1

JW3209A Handheld Optical Multi-Functions Meter Fiber Optic

JW3209 Handheld Optical Multi-meter (Optic power meter with light source) integrates the functions of an intelligent optical power meter module and of a highly stable light source module in one unit. It

Fibermart ST-3209 Optical Multimeter Optic Loss Tester

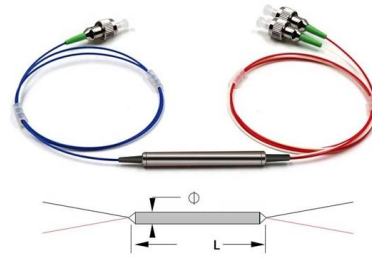

ST-3209 Optical Multimeter integrates an intelligent optical power meter and a highly stable 1310/1550nm light source module in one unit. It can provide data storage

Optical Multi-meter-----JW3209Series

JW3209 handheld optical multi meter JW3209 is the company highly cost-effective optical multimeter. It's the integration of power meter and light source. JW3209 has the function of recording, storing
